VIRTUAL SUMMER CAMP

**"KEEP YOUR FACE ALWAYS TOWARDS THE SUNSHINE AND SHADOWS
WILL FALL BEHIND YOU."**

Summer time- A time for laid back relaxed routine , indulgence and rest.

The summer vacation commenced from

May 1 , 2021 at Bal Bhawan School.

Staying busy is a way for an individual to grow. Not only do we learn things and improve in whatever we do , but we also learn other skills such as how to manage our time, how to stay organized and work efficiently.

As summer approached, we at Bal Bhawan School thought of devising some fun way for our lovely students to learn some extra skills through a non-academic approach so that their knowledge keeps growing. And what else can be a better way than an engaging "Virtual summer Camp!"

Thus, to keep the spirits uplifted of the students during the pandemic, " A Virtual Summer Camp' was organized for the students of Grade 1 to 9 from May 17, 2021. There were sessions of Dance, Calligraphy, Vocal Music, instrumental Music, Fire less cooking , Zumba ,Arts and Craft,Drama ,Needle work etc. The students thoroughly enjoyed the sessions. There was much enthusiasm and excitement amongst the students, parents as well as the teachers. We are spellbound by the positive and overwhelming response from our parents in the form of feedback.

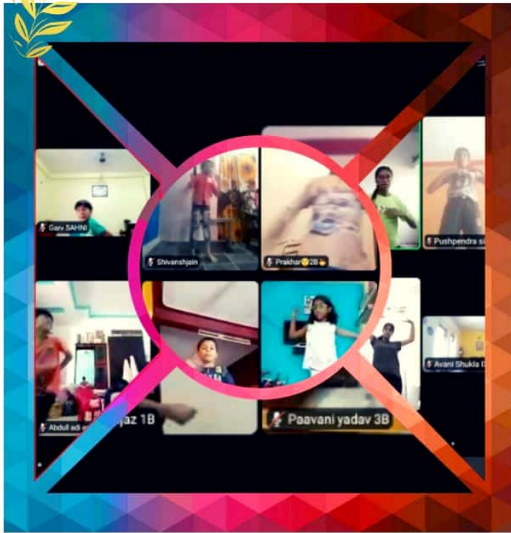

LET'S HAVE SOME GLIMPSSES OF THE EVENT

DANCE

Dance is the joy of movement and the heart of life.

Dance because there 's no greater feeling in the world than moving to a piece of music and letting the rest of the world disappear

Kids enjoyed the first day of summer camp dancing with their heart.

VOCAL & INSTRUMENTAL MUSIC

Life is a song , sing it.....

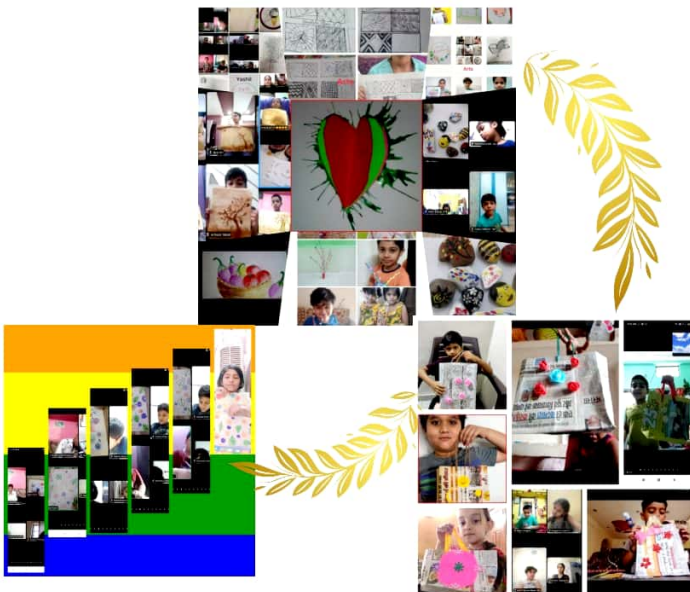

Music is the prayer that heart sings, it gives soul to the universe, wings to the mind, flight to the imagination and life to everything.....It is almost impossible not to feel at least a little bit better about the world after a good round of singing.

Offering solace and the chance to uplift oneself,singing is a great way of beating the blues.

ART & CRAFT

Art is unquestionably one of the purest and highest elements in human happiness. it trains the mind through the eye, and the eye through the mind. As the Sun colours flowers, so does art colours life. The budding artists learnt various art forms which were enriching and equally interesting

LET'S HAVE SOME GLIMPSES OF THE EVENT

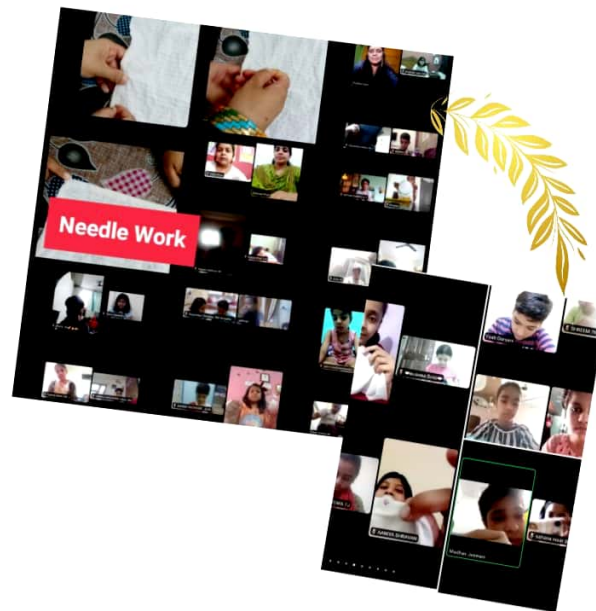

CALLIGRAPHY

Calligraphy is the ultimate synthesis of what we love; Language, Art and Human Connection. Learning calligraphy is a skill; it takes lot of patience and practice. Students had great time in learning new skill "Calligraphy" which means Beautiful handwriting in their summer camp. They got to know about the three P's of it and they enjoyed thoroughly while making strokes and letters

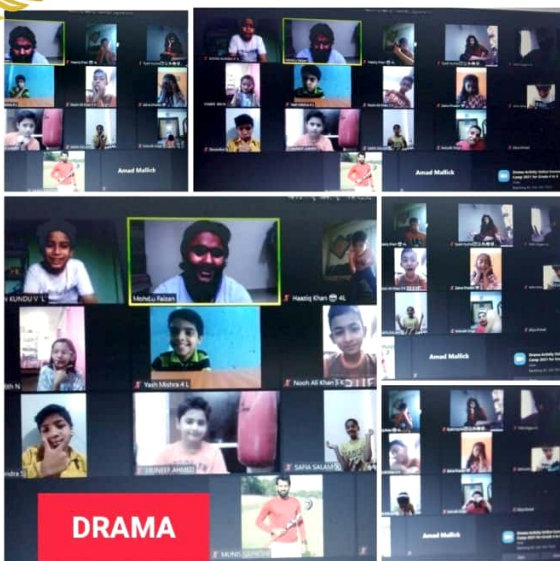

NEEDLE WORK

Stitching is not a hobby it's a way of living. "Sewing mends the soul. Life is like that – one stitch at a time, taken patiently and the pattern will come out all right like the embroidery. The only place where housework comes before needle work is in the dictionary."

DRAMA

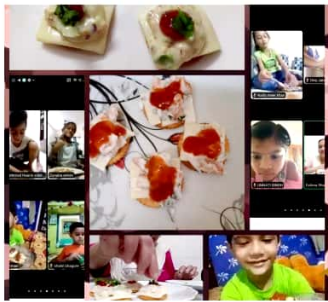

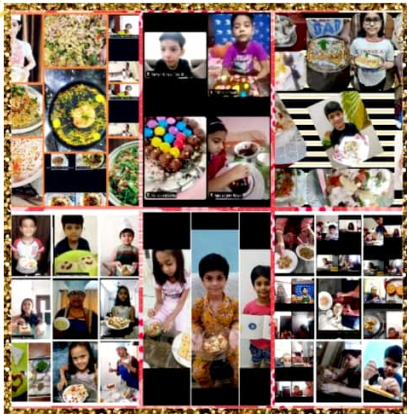

Great theatre is about challenging how we think encouraging us to fantasize about a world we aspire to. The mission of the theatre, after all, is to change, to raise the consciousness of people to their human possibilities. The Bal Bhawanites enjoyed the session wholeheartedly!

FIRE -LESS COOKING

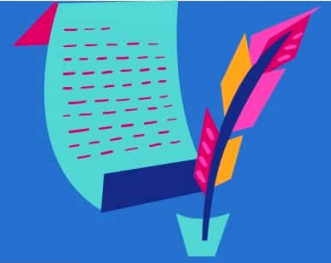

Cooking with kids is not just about
ingredients, recipes, and cooking. It's
about harnessing imagination,
empowerment and creativity.

There's cooking, and then there's cooking
with passion, creativity and love.

At Bal Bhawan School, we firmly believe
that the energy you put into a recipe is
just as important as the ingredients you
use.
