

**APRIL-JUNE  
2022**

# **BAL BHAWAN SCHOOL**

**WELCOME  
BACK TO  
SCHOOL!**

## **RETURN TO NORMAL**

**After the third wave of Covid 19, the school has geared up for its new session 2022-23. Dipping cases and happy faces of students have given the confidence to 'return to normal'.**

**Keeping with this positivity, the school management has considered a fully functional new academic session. It would be more than just a welcome to new class but a WELCOME BACK. Focus will be to make this new session more streamlined and to ensure that learning gaps if any are addressed.**

**BE HAPPY, BE ENERGETIC, BE YOU...**

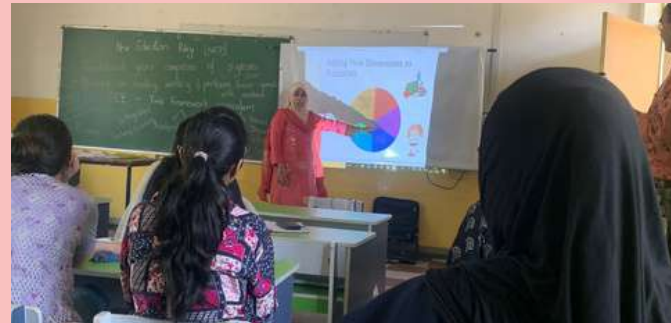

**THINK SCHOOL**

# **WORK SHOP ON NATIONAL EDUCATION POLICY (NEP'2020)**

**THE MOST VALUABLE RESOURCE  
THAT ALL TEACHERS HAVE IS EACH  
OTHER. WITHOUT COLLABORATION  
OUR GROWTH IS LIMITED TO OUR  
PERSPECTIVES.**

**A workshop on NEP was conducted for the  
teachers of Westwind Kindergarten.**

**The main focus was to impart 'QUALITY  
EDUCATION TO ALL'. This framework is a  
step to achieve the objectives of NEP. Its  
main aim is to shift from content based or  
rote learning to learner centric and  
conceptual based learning. It also  
recognises the unique ability of the  
students to think critically, bring  
creativity in thoughts and also emphasize  
the spirit of inquiry via changes in  
pedagogical and assessment processes.  
Overall the session was interactive and  
useful.**

**LET'S LEARN AND  
AND GROW  
TOGETHER!!!!**

## My Special Five

**"What we have to learn to do, we learn by doing".**

Our senses let us experience such variety of things in our daily lives. From eating different kinds of foods, to smelling those calming fragrances, feeling of touch, etc. our senses enrich our lives with great pleasure.

With an objective of introducing different sense organs of the human body, their function and importance in a fun and innovative way, My Special Five Activity was organized for the students of Grade-1.

The students explored their five sense organs by listening to different sounds- pleasant and unpleasant, by smelling different things. Through the sense of sight the children also identified objects of different shapes and colours. They also explored the textures like soft, hard, rough, smooth, etc through touch.

Lastly, they tingled their taste buds by tasting different food items- sweet n sour.

The children got an opportunity to have hands-on experience about the elementary purpose of each organ

**It was a great learning experience.**

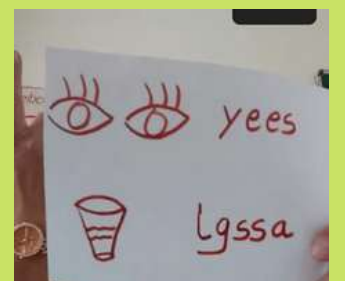

# "Creativity can never end, the more you use it the more you have!!"

The same quote stands true for the Writing Skills.   
The more you practice, the more beautiful a piece of writing becomes.

In order to enhance the Creative writing skills in the students, a Writing Workshop was conducted by Grade 1 teachers on 27th April 2022. This workshop aimed to guide parents about the correct formation of different letters. Various ways to create and develop the writing streak within children were also discussed with the parents.

Many interesting and meaningful games, activities etc were introduced to the parents like draw yourself write  one sentence, fun envelopes, creative reading and writing corner, preparing grocery list, find a match, word chain, crossword puzzles etc. Parents eagerly attended the session and they were enthusiastic to use fun and interesting ways in order to develop various writing skills in their children.

# Story Reading

"Reading is a passport to countless adventures."

Stories play an important role in the upswing growth of children.

Stories are a great way to introduce new words and ideas into a child's language. It sparks child's imagination and stimulate curiosity.

A story reading workshop was organised for the parents of grade-1 where teachers shared some important points as to how to make reading more easy and interesting for the children.

Teachers narrated a story to show the parents the right way of reading a story.

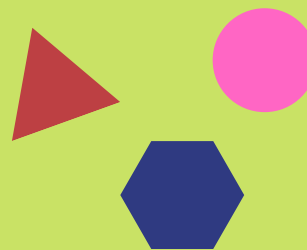

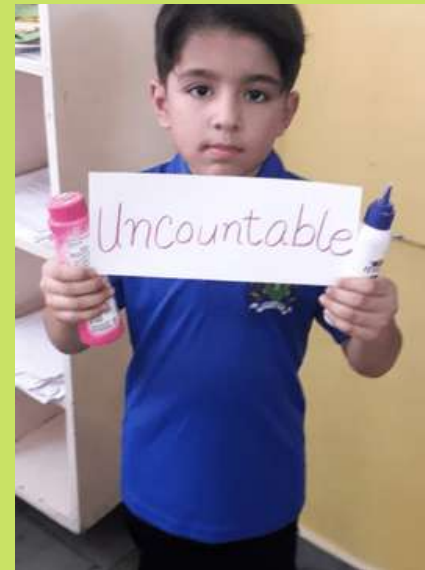

**Learning is pleasurable  
But doing is the height  
of enjoyment**

# GRADE-2

## COUNTABLE & UNCOUNTABLE NOUN

The wonder kids of Grade 2 participated in a fun filled activity in which they were able to differentiate the countable and uncountable nouns. The activity began with the teacher asking each child by taking out objects from the mystery bag where they were asked to identify the objects as countable and uncountable nouns.

The teacher discussed with the class about these nouns. Students got involved in this fun learning activity and they gave many examples of countable and uncountable nouns.

**How wonderful the colour yellow is!  
It stands for hope, positivity and energy.**

**The wonder champs of Grade-2, dressed in all yellow, on the last day of their class before the summer break.**

**They were not only dressed in yellow, but also brought yellow delicacies and objects to make it a complete Yellow Day.**

**They enjoyed the yummy ice-cream treat and played games and shared about their favourite things.**

**An exciting sensory detailed activity was organised where the students illustrated pictures and categorized them according to the five senses.**

**The celebration enhanced the creativity of our multi-talented kids and prepared them to shine bright and cheerful through the rhythm of songs and dance held. The party ended with warm wishes for a month long vacation.**

# ADDING FUN TO LEARNING CREATES THE BEST EDUCATIONAL EXPERIENCE POSSIBLE...

## KNOW YOURSELF

To retain the knowledge in an enjoyable and memorable way an E.V.S activity was conducted for Grade-2 students where they have to frame sentences about their body parts. The children were very excited and came up with extremely interesting sentences. As a Take Away they created beautiful book marks. It was fun and fruitful as the kids enjoyed the activity a lot.

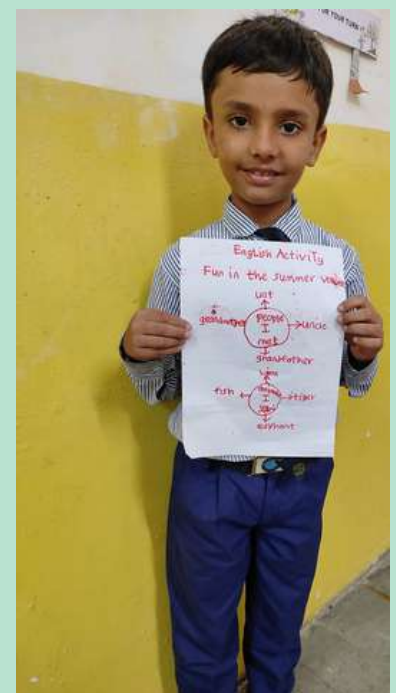

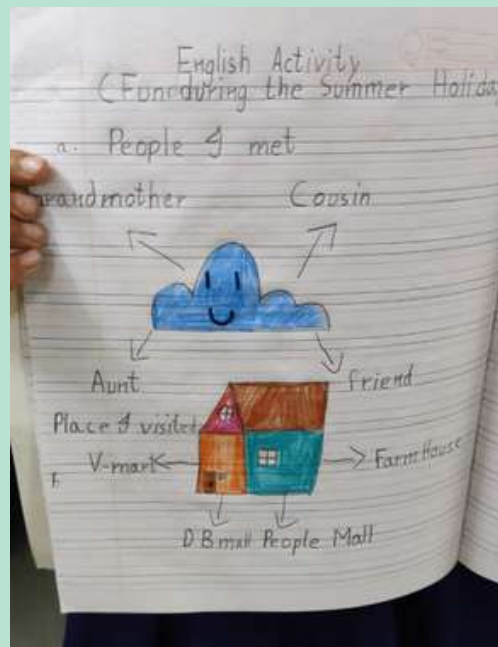

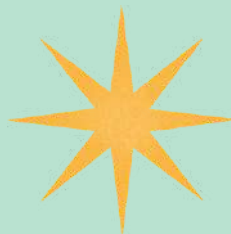

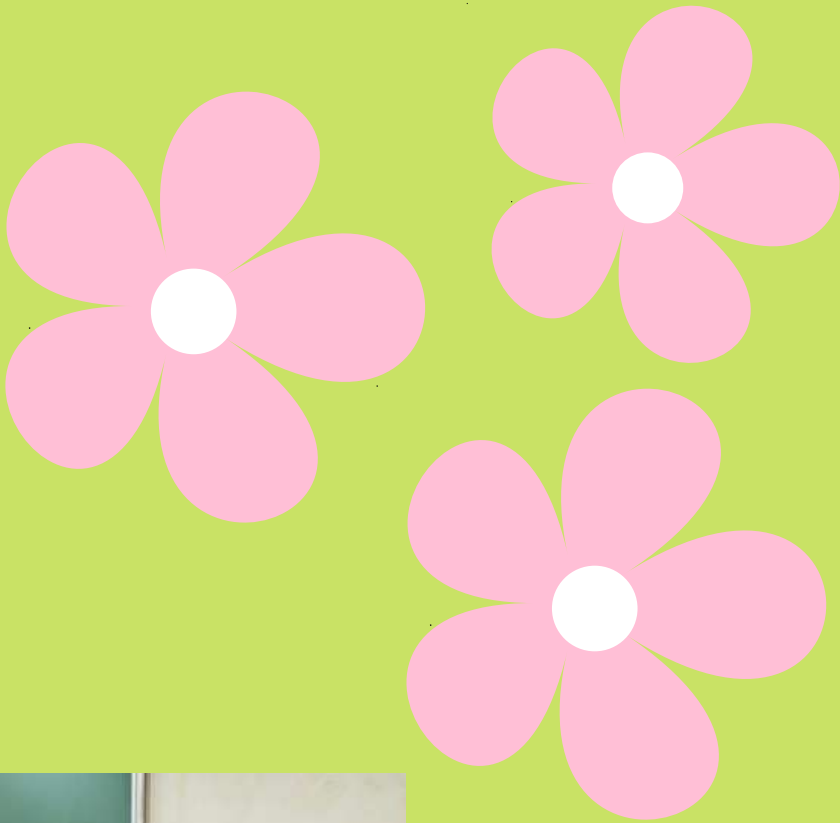

# "LIFE IS FULL OF CHALLENGES AND CHALLENGES ARE FULL OF OPPORTUNITIES TO LEARN."

NEVER GET SCARED OF CHALLENGES AND ALWAYS WELCOME THE CHANCES TO LEARN NEW THINGS IN LIFE IN ORDER TO GROW AND PROSPER.

SO TO GIVE WAY TO A PRODUCTIVE AND ENTHUSIASTIC START VARIOUS ACTIVITIES WERE CONDUCTED IN GRADE-2 OUT OF WHICH AN ENGLISH ACTIVITY "FUN WITH NOUNS" WAS REMARKABLE. THE KIDS MADE WORD WEBS OF ALL THAT THEY DID, MET PEOPLE, VISITED PLACE, ETC DURING THEIR SUMMER VACATIONS. THE ACTIVITY WENT OFF EXTREMELY WELL AND IT WAS FUN TO KNOW HOW EVERYONE SPENT THEIR VACATIONS.

"Every flower blooms at its own pace."

**Grade-2 children performed an interesting Math activity on tables.**

**The children illustrated beautiful flowers and wrote tables in it which was a totally different way of learning and writing tables.**

# GRADE 3

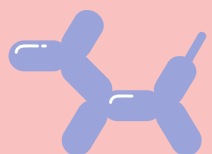

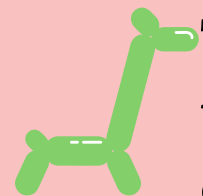

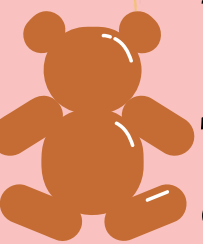

Living things need nonliving things to survive. Everything that surrounds us is either living or non-living and the only characteristic that bifurcates the two is life.

The little scientists of Grade-III explored their surroundings and distinguished between the living and non-living things through a science activity "Living and Non-living Things" conducted in the class.

This activity enabled students to inquire about characteristics of living and nonliving things. Such as classification, naming attributes, etc.

The children had a great time to explore their environment in search of items to classify.

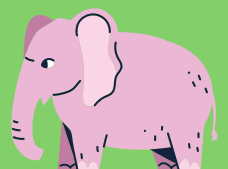

**"The only way to discover the limits of the possible is to go beyond them into the impossible!!"**

The innovative scientists of Grade- 3 performed a hands on activity where they sorted out the animals into the three categories- herbivores, carnivores, and omnivores.

This wonderful sorting activity encouraged the children to engage pro-actively with the topic.

**“The great aim of education is not knowledge but action.”**

Playing games help children develop social skills and also teach one to listen to others as they share their ideas and clarify their thoughts. The children of Grade-3 had an opportunity to revisit the concepts of Numbers and their formation, comparison and sequencing, finding even and odd numbers through interesting class activities. They enjoyed revising mathematical concepts through these fun filled activities.

# GRADE 4

## "Place Value Hopscotch"

### MATHEMATICS ACTIVITY

PARTICIPATE IN LIFE INSTEAD OF JUST WATCH IT PASS YOU BY.

### "CHALLENGES ARE OPPORTUNITIES."

Our Grade-4 learners were provided with one such challenge.

A fun-filled kinesthetics activity "Place Value Hopscotch" has been conducted that helped children practice the Indian System of Numeration in a much better way. The students enjoyed the activity to the fullest and were able to read and write the 7 digit numbers.

*"Creativity is intelligence having fun."*

## *Create Roman Numerals*

Roman numerals were creatively made by the students of grade-5. The students solved the questions displayed on the flash cards.

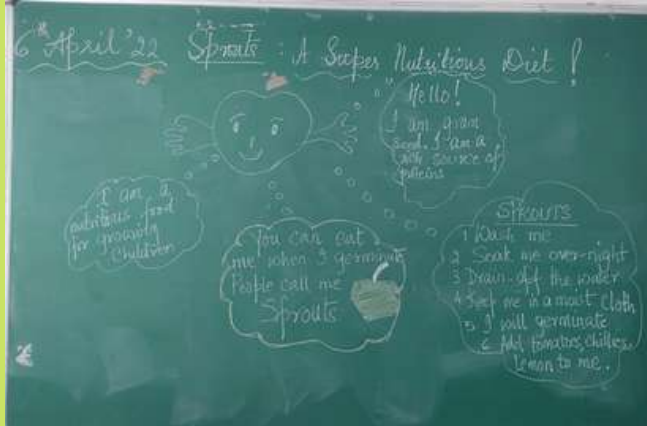

All the students applied their knowledge and actively participated in this group activity and gave accurate solutions to the questions.

# Grade 6

"The tiny seed knew that in order to grow it needed to be dropped in dirt, covered in darkness and struggle to reach the light."

An interesting activity on **Sprouting**, : A natural desirable change was performed by science students of **Grade-6**.

Sprouting is a natural process by which seeds germinate and provide essential nutrients for a healthy growth. In this activity a seed **was** personified explaining the changes it undergoes in order to germinate to become a sprout. **Enormous** health benefits of consuming it in germinated form **was explained to the children**.

Science is our everyday life, it teaches, that Changes are meant for growth and development. Not all changes are undesirable.

# Grade -7 Science Activity

Interdisciplinary teaching helps students make sense of scientific issues and problems that are presented in real- life contexts. It helps them in coping with the issues by using skills and knowledge associated with any of the relevant disciplines. This type of learning in science is characterised as a perspective that integrates two or more disciplines into coherent connections to enable students to make relevant connections and generate meaningful associations.

Students of Grade-7 displayed a wonderful example of team work where learning took place by sharing of ideas, not only sharing of knowledge but how to work in a congenial environment to make this world a better place to live. Students displayed their art and knowledge in the form of Collage- showcasing flora and fauna of Madhya Pradesh, Manipur and Nagaland.

# GRADE 12

**Creative effort is the root of all achievement.**

Victory is the motto of Bal Bhawan Students as we move with steadfast approach and accomplish our set goals. With immense pleasure we wish to apprise you that our School secured Second Position in WEB WEAVER (a Web Designing Event) in Tech Fest 7.0 conducted by The Sanskaar Valley School on 31st March 2022. Students of around Fifteen prestigious schools from class 6th to 12th participated in the event. It was an Inter School Tech Event which focused on technology based tools and resources to drive education.

**The names of our Star Achievers are:**

**Ayaan Khan- 12Sci**

**Mohd Masir- 12Sci**

**Rayyan Mohd Asif- 12Sci**

# Ice Cream All Around

With the summer temperature soaring high, children look forward to the most awaited time of the year, summer vacations. A time when they can relax, visit friends and family, travel to see places and basically chill out enjoying those little pleasures of life which get left behind during the busy school routine.

It becomes fun time for students as they get to enjoy the summer retreat. An exciting class party was organized for all Grades where students enjoyed to the fullest and also had a wonderful ice cream treat with their classmates.

The kids also shared some do's and don'ts for a healthier and enjoyable summer vacations.

The vibrant faces parted happily and promised to come back energized with more dynamism and vitality.

## Happy Summers

*Yoga is the journey of the self, to the self, through the self.*

Celebrating the true spirit of yoga, Bal Bhawan school students participated in International Yoga Day organized at CM House today. The theme of this year's Yoga Day celebrations was 'Yoga for Humanity'.

It was a great opportunity for our students to participate in the event in the presence of the Chief Minister Shivraj Singh Chouhan.

On this occasion, Mr Chouhan expressed his happiness that the ancient Indian practice of yoga has now spread across the world. He said that the people's priority in life should be to stay healthy.

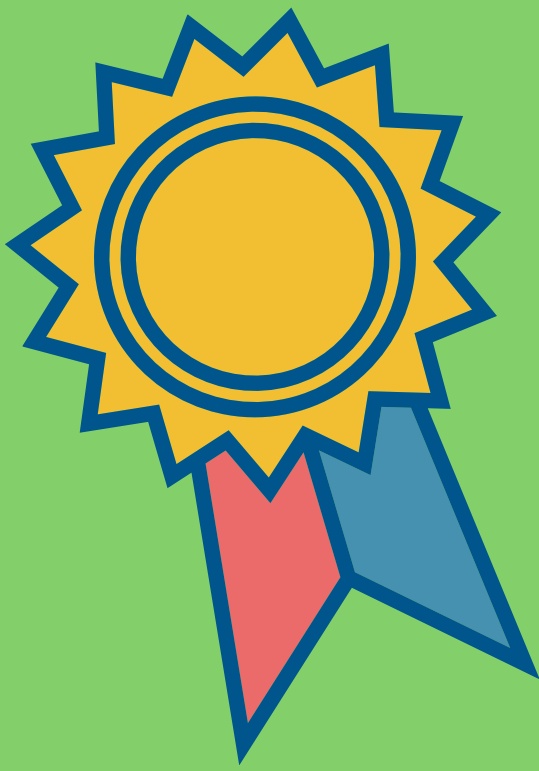

Mr Chouhan rolled out a mat and performed yoga exercises along with Bal Bhawan students and some dignitaries at his official residence in Bhopal.

Addressing the gathering at his residence, Mr Chouhan thanked Prime Minister Narendra Modi for spreading the importance of yoga in the entire world.

At this event the students took an oath to perform yoga on daily basis. It was a great learning experience for the children.

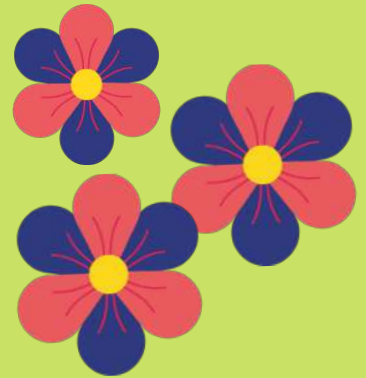

# Achievements

**Strength does not come from physical capacity, it comes from indomitable will.**

Bal Bhawan feels proud on the victory of its cricket team in the Second League Match against the Sanskaar Valley School. The enthusiasm of the team knew no bound when it defeated the opponent in 16 overs chasing the target of 129 score.

The star achiever was Mohit Gupta of grade 12 who scored 58 runs and took 3 wickets and grabbed the Man of the Match award.

We wish the players for their fearless efforts and their commitment.

Heartiest congratulations on this great accomplishment !!

**MOHIT  
GUPTA**

# Efforts Lead Dream To Reality

FOOTBALL  
TOURNAMENT

**Mohd Faizan**

**Hamza Babar  
and Ali  
Akhtar**

Bal Bhawan School boys shine again, win Quarter final match against IES Public School In the 'Inter School Football Tournament' organized by LNCT World School, Bal Bhawan students gave a tough fight and defeated IES Public School in the Quarter Final Match with a Score of 2-0.

In this tournament, Bal Bhawan School won First Knock Out match against LNCT World School and reached Quarter Final. In the Quarter Final match against IES Public School, Bal Bhawan students played with great zeal and enthusiasm and defeated IES football team. Hamza Babar of class IX won Man Of The Match Award in the Knock Out Match and Ali Akhtar of VIII class won the Man of The Match Award in the Semi Finals. Mohd Faizan of Class IX was awarded the title of Best Defender of the tournament. The Bal Bhawan School team played under the Captaincy of Hamza Khan class X and under the able mentorship of Coach Mr.Munis Khan . It was a great learning experience for the students to participate in this tournament.

**"Excellence is not being the best; it is doing your best!"**

**Alumni of Bal Bhawan School \*Rauhan Ahmed Siddiqui\*, pass out of 2020-21 batch, bagged a "Job Preference Offer" and a cash prize worth Rs. 20,000/ by cracking Machine Learning Hackathon by Software MNC Accenture and also received goodies such as applie ipod and cash prizes by participating actively in World's biggest hackathons.**

**We wish him All the best for his future!!**

# "The world is but a canvas to the imagination."

On the occasion of Swachhata Pakhwada initiated by Government of India, Rashtriya Manav Sangralaya organized a Painting/Poster making competition on 19th April '22. The competition was organized to create awareness regarding cleanliness, and hygiene in the society.

Swasti Jain of class- 12th Science of Bal Bhawan School stood First in the competition and received a cash prize worth Rs.500.

We are proud of you and your accomplishments!!

# CONCLUSION

**\*Every End is a New Beginning.\***

**.....And suddenly you just know it's time to start something new and trust the magic of beginnings.**

**So...the journey of learning begins with all the commitments, motivations, hard work, inspirations till we achieve competency. As it is said learning never exhausts the mind so let's not just make noise, let's make a difference. As we in Bal Bhawan believe in. ....being a team,**

**\*Coming together\***

**\*Is a beginning\***

**\*Keeping together\***

**\*Is a progress\***

**\*Working together\***

**\*Is success\***

**THANK  
YOU**
